**RENO, Nev. (August 4, 2021)**--AMERCO (Nasdaq: UHAL), parent of U-Haul International, Inc., Oxford Life Insurance Company, Repwest Insurance Company and Amerco Real Estate Company, today reported net earnings available to common shareholders for its first quarter ended June 30, 2021, of \$345.2 million, or \$17.60 per share, compared with net earnings of \$87.7 million, or \$4.47 per share, for the same period last year.

"U-Haul is in a much closer game than it looks," stated Joe Shoen, chairman of AMERCO. "Existing and emerging competitors surround our moving and storage business. We have a good team in place. I am working to keep them focused and motivated. My goal is to make U-Haul the customer's best choice."

#### Highlights of First Quarter Fiscal 2022 Results

- Self-moving equipment rental revenues increased \$381.1 million, or 58.2% for the first quarter of fiscal 2022 compared with the first quarter of fiscal 2021. Transactions for both our In-Town and one-way markets increased as did revenue per transaction. One contributing factor to the magnitude of the improvement is the relatively poor results in the first quarter of fiscal 2021 due to the COVID-19 pandemic. Comparing the first quarter of fiscal 2022 to the first quarter of fiscal 2020 revenue still increased \$286.8 million. Compared to the same period last year, we increased the number of retail locations, independent dealers, box trucks and towing devices in the rental fleet.
- Self-storage revenues increased \$28.4 million, or 26.1% for the first quarter of fiscal 2022 compared with the first quarter of fiscal 2021. The average monthly number of occupied units during the quarter increased by 26%, or 89,373 compared to the same quarter last year. Our reported occupancy of all properties regardless of length of time in the portfolio increased 12% to 80% for the first quarter. The occupancy ratio for the subset of these properties that have been stabilized at 80% for the last 24 months increased 4% to 97% during the quarter. Over the last twelve months, we have added approximately 3.5 million net rentable square feet to the self-storage portfolio with approximately 1.1 million square feet of that coming online during the first quarter of fiscal 2022.
- Sales of self-moving and self-storage products and services increased \$13.5 million, or 14.8% compared with the first quarter of fiscal 2021 due to increased sales of hitches, moving supplies and propane.
- For the first quarter of fiscal 2022 compared with the first quarter of fiscal 2021, depreciation, net of gains on sales decreased \$44.0 million. Depreciation expense on the rental equipment fleet increased \$1.7 million to \$126.6 million. Net gains on the sales of rental trucks increased \$49.3 million from an increase in auction activity as compared to the COVID-19 affected first quarter of fiscal 2021. All other depreciation increased \$3.6 million to \$45.5 million. Net gains on disposal of real estate increased \$4.2 million from a state department of transportation condemnation in the first quarter of fiscal 2022.

- For the first quarter of fiscal 2022 compared with the first quarter of fiscal 2021 gross truck and trailer capital expenditures were approximately \$304 million compared with approximately \$123 million. Proceeds from sales of rental equipment were \$176 million compared with \$74 million. Spending on real estate related acquisitions and development were approximately \$184 million compared with \$103 million, respectively.
- Fleet maintenance and repair costs increased \$33.6 million in the first quarter of fiscal 2022 compared with the same period last year due to preventative maintenance from higher fleet activity combined with additional costs from increased fleet sales activity.
- Operating earnings at our Moving and Storage operating segment increased \$331.3 million compared with the same period last year. Total revenues increased \$466.9 million and total costs and expenses increased \$135.6 million.
- Cash and credit availability at the Moving and Storage segment was \$1,543.0 million at June 30, 2021 compared with \$1,115.3 million at March 31, 2021.

# NON-GAAP DISCLOSURE

As of April 1, 2019, we adopted the new accounting standard for leases. Part of this adoption resulted in approximately \$1 billion of property, plant and equipment, net ("PPE") being reclassed to Right of use assets - financing, net ("ROU-financing"). As of June 30, 2021, the balance of ROU-financing also includes the rental equipment purchased under new financing liability leases during the first quarter. The table below shows adjusted PPE as of June 30, 2021 and March 31, 2021, by including the ROU-financing. The assets included in the ROU-financing is not a true book value as some of the assets are recorded at between 70% and 100% of value based on the lease agreement.
