AMERCO REPORTS THIRD QUARTER FISCAL 2007 FINANCIAL RESULTS

RENO, Nev. (**February 7, 2007**)--AMERCO (Nasdaq: UHAL), parent of U-Haul International, Inc., North America's largest do-it-yourself moving and storage operator, today reported a net loss for its third quarter ending December 31, 2006, of \$12.7 million, or \$0.61 per share, compared with net earnings of \$11.9 million, or \$0.57 per share, for the same period last year.

For the nine-month period ending December 31, 2006, net earnings available to common shareholders were \$96.7 million, or \$4.62 per share, compared with net earnings of \$109.6 million, or \$5.26 per share, for the same period last year. Included in the December 31, 2006 nine-month results is a nonrecurring after-tax charge of \$0.20 per share associated with the Company's second quarter debt amendment. Included in the December 31, 2005 nine-month results is a nonrecurring after-tax charge of \$1.08 per share associated with the Company's first quarter debt refinancing. Taking into account these nonrecurring charges, adjusted earnings per share were \$4.82 for the nine-months ending December 31, 2006 and \$6.34 for the nine-months ending December 31, 2005.

"Our self-moving revenues continued to be adversely impacted by softness in one-way pricing caused by competitive pressure," stated Joe Shoen, chairman of AMERCO. "The fourth quarter will see us continue an aggressive program of replacing our existing truck fleet with newer models. The 'contest for the customers' is longer than four quarters. We will endure the rest of the winter and be well positioned as the customer's best choice this spring," concluded Shoen.

Highlights of Third Quarter Fiscal 2007 Results

- During the third quarter of fiscal 2007, self-moving equipment rentals decreased \$25.3 million, compared with the third quarter of fiscal 2006. The negative trend in one-way revenue per transaction seen in the Company's fiscal 2007 second quarter continued in the third quarter. The Company has responded in kind to our competitor's aggressive one-way self-moving price strategies, resulting in lower rental revenues. The Company has experienced an increase in one-way transactions when compared with the third quarter of fiscal 2006 and is attempting to improve revenue per transaction while maintaining growth in transactions.
- During the third quarter, nearly 2,400 rental trucks were placed into service, bringing the total for the nine months ended December 31, 2006 to over 16,000. Sales of rental equipment removed from the fleet continued ahead of last year's pace, resulting in a small net increase in the size of the rental fleet.

- As part of our program to reduce current taxes, approximately 70 percent of these new trucks were purchased as opposed to leased. Based upon the Company's accelerated depreciation method, this has the effect of increasing depreciation charges in the earlier years of ownership. Depreciation expense, before gains and losses on sales, increased \$13.1 million for the third quarter of fiscal 2007 compared with the third quarter of fiscal 2006, and \$37.1 million for the nine months ended December 31, 2006 compared with the nine months ended December 31, 2005.
- The Company has added to its self-storage portfolio through the acquisition of new facilities and the expansion of existing facilities, adding over 355,000 square feet in fiscal 2007.
- Earnings from operations at the insurance companies improved \$4.0 million for the third quarter of fiscal 2007 when compared with the third quarter of fiscal 2006.

AMERCO will hold its investor call for the third quarter of fiscal 2007 on Thursday, February 8, 2007, at 8 a.m. Mountain Time (10 a.m. Eastern). The call will be broadcast live over the Internet at www.amerco.com. To hear a simulcast of the call or a replay, visit www.amerco.com.
